IMPROVING THE QUALITY OF  
CARE FOR THE ESRD PATIENT

Often, hemodialysis technicians are trained to perform functions - and they do so very well. But, sometimes during training the reason **why** a procedure is performed a specific way isn't always explained. Yet, knowing this important background information can lead to better CKD patient care.

This year's symposium goes **Back to the Basics**. Our speakers include an array of experts in nephrology technology and beyond... including **Glenda Payne**, ESRD Clinical Lead, RO 4 & 6, Centers for Medicare & Medicaid Services; **Matthew J. Arduino**, M.S., Dr.P.H., Lead Microbiologist, Epidemiology and Laboratory Branch, Division of Healthcare Quality Promotion, Centers for Disease Control and Prevention; **John Sweeny**, BS, CHT, Manager Renal Training, Baxter Healthcare Corporation, and **Lawrence K. Park**, MSPH, CHCM, CPEA, CWCP, CNCI, RPIH, Vice President - Corp. Health, Safety, Environmental Affairs, Eng, Security & Risk Mgmt, Fresenius Medical Care North America.

Our programs are designed to provide useful information through interactive sessions where technicians can learn not only from the presenters but also from their peers from across the country as well as around the world. In addition to the general sessions that will be of interest to all, we are offering concurrent sessions, one with emphasis on the knowledge needs of the hemodialysis technicians that provide patient care and one for those with biomedical skills. Our goal is to improve the quality of care for the CKD patient.

You are also invited to join us for one of our two pre-symposium workshops on Friday before the symposium officially begins. **Ensuring a Successful Survey** features a wealth of information every dialysis unit administrator, manager, nurse and technician needs to know to prepare for a successful DHS audit. **Vascular Access** workshop features a range of current information on the care and monitoring of the CKD patient's access, including a hands-on clinical session with patients. Both workshops require pre-registration to ensure adequate facilities and resources are available.

This year's symposium addresses issues that are critical to dialysis professionals - and looks at them from several points of view. Back by popular demand is the full day Vascular Access workshop, and a series of Round Table sessions to focus on specific topics. Concurrent sessions for patient care technicians and biomedical technicians will explore ways to improve patient care and new technology. Attending the pre-symposium workshop, general sessions and concurrent sessions will provide more than 19 continuing education contact hours. The NANT Exhibit area continues to feature the best the nephrology industry has to offer.

Join hundreds of other dialysis practitioners for this most informative program.

**This year's symposium features...**

- **Vascular Access Workshop** on Friday, 9 March underwritten by AMGEN. This FREE full day workshop is a must for all dialysis clinicians (nurses, technicians, vascular access technicians).
- **Ensuring a Successful Audit Workshop** on Friday, 9 March underwritten by The Technical Foundation. This FREE full day workshop is a must for every dialysis professional involved in Department of Health Services audits for their clinic. Open to administrators, nurses, technicians and other dialysis professionals.
- **Scholarships now include two nights hotel PLUS registration fee PLUS a \$50 stipend.** For a copy of the scholarship application, please go to [www.dialysistech.NET](http://www.dialysistech.NET) or call NANT at 877.607.NANT for an application to be mailed or faxed to you. Scholarship application deadline is 19 January 2007.
- **Low registration fees** - as our support from exhibitors increases, we are able to continue to keep the cost low for the dialysis practitioners attending our symposium.

- **Online Registration** - go to [www.dialysistech.NET](http://www.dialysistech.NET) to charge your registration to MasterCard or Visa
- **Round Table Sessions** - in a group of several hundred dialysis practitioners, how do you find the 10 - 20 who want to share information about a specific topic? Come to our new round table sessions. We'll have 20 different topics for you to explore.

I learned that technicians are a vital part of the dialysis world. There are opportunities to "advance" in many ways.

**Special Events**

- Exhibit Hall Grand Opening Reception on Friday
- Club NANT on Saturday **Sponsored by GIA Medical**
- Roundtable Networking lunch on Sunday

**Symposium Timetable**

Certification Review workshop will be held on Thursday afternoon, 8 March and all certification exams will be offered on Friday morning, 9 March. Pre-symposium workshops (available at an extra fee) will be held on Friday, 9 March. The Exhibit Hall Grand Opening is at 5:30 pm on Friday, 9 March. The Symposium begins on Saturday morning, 10 March at 8:00 am and concludes at 3:00 pm on Sunday, 11 March, 2007.

## 2007 Schedule at a Glance

Friday, 9 March 2007

Vascular Access - Pre-Symposium Workshop		CH	Ensuring a Successful Survey - Pre-Symposium Workshop		CH
8:00 - 8:30 am	<b>Fistula First Project</b> Emily Hodgkins ESRD Network #6	.6 CH	8:00 - 9:00 am	<b>OSHA doesn't stand for Oh Shoot, Here's the Audit team!</b> Lawrence K. Park, MSPH, CHCM, CPEA, CWCP, CNCI, RPIH, Vice President - Corporate Health, Safety, Environmental Affairs, Engineering, Security and Risk Management, Fresenius Medical Care North America	1.2 CH
8:30 - 9:45 am	<b>How to Optimize AV Fistula</b> Jack Work, MD, Interventional Nephrologist, Emory Health Care, Dialysis Access Center of Atlanta	.9 CH	9:00 - 10:00 am	<b>What is CMS really trying to accomplish during an audit?</b> Glenda Payne, ESRD Clinical Lead, RO 4 &, Centers for Medicare & Medicaid Services	1.2 CH
9:45 - 10:00 am	Refreshment Break sponsored by Amgen, Inc.		10:00 - 10:30 am	Refreshment Break	
10:00 - 11:30 am	<b>Techniques of Access Monitoring</b> Jeffrey Furst, Transonics Fresenius Medical Care NA	1.8 CH	10:30 - 11:30 am	<b>Getting and Staying Survey Ready</b> Melinda Martin-Lester, RN, BA, CNN, Director of Regulatory Compliance Renal Ventures Management, Phoenix, AZ	1.2 CH
11:30 - 12:30 pm	Lunch		11:30 - 12:30 pm	Lunch	
12:30 - 1:30 pm	<b>What Happens after Transonics</b> Dr. Wasay, Interventional and Clinical Nephrologist, Dialysis Access Center, Atlanta, GA	1.2 CH	12:30 - 1:30 pm	<b>Infection Control and the Survey Process</b> Matthew J. Arduino, M.S., Dr.P.H., Lead Microbiologist, Epidemiology and Laboratory Branch, Division of Healthcare Quality Promotion, Centers for Disease Control and Prevention	1.2 CH
1:30 - 2:30 pm	<b>Methods of Cannulation: Clinical Difficulties</b> Deborah Brouwer, RN, CNN, Director, Therapeutic & Clinical Programs, Renal Solutions, Inc.	1.2 CH	1:30 - 2:30 pm	<b>FDA Point of View</b> Gema Gonzalez, MS, CDRH/ODE/DRARD/GRDB, Federal Drug Administration	1.2 CH
2:30 - 3:00 pm	Break		2:30 - 3:00 pm	Break	
3:00 - 3:45 pm	<b>Buttonhole Technique</b> Christy Ruppung, DaVita, Atlanta, GA	.9 CH	3:00 - 4:45 pm	<b>Case Studies: A Panel Interactive Discussion</b> Lawrence Park, Fresenius Medical Care NA; Glenda Payne, CMS; Melinda Martin-Lester, Renal Ventures; Matthew J. Arduino, CDC; Gema Gonzalez, FDA	2.1 CH
3:45 - 5:00 pm	<b>Practical Experience in Vascular Access</b> Dr. Michael Mallea, Idaho Nephrology Associates, Boise, ID	1.5 CH			

Saturday, 10 March 2007

		CH
8 - 9:30 am	Opening Session <b>Relating Patient-ly; Using Body Language to Understand Others</b> Patti Wood, MA, CSP	1.8 CH
9:30 - 10:25 am	Exhibit Hall	
10:25 - 11:10 am	<b>Chemistry of Dialysis</b> John Sweeny, BS, CHT, Renal Training Manager, Baxter Healthcare Corporation	.9 CH
11:15 - 12:00 n	<b>Why We Do What We Do</b> Karen Evans Maceda, RN, CHT, CBNT	.9 CH
12:00 - 1:30 pm	Lunch	

### Concurrent Sessions

1:30 - 2:15 pm	<b>Conditions of Coverage</b> Glenda Payne, MS, RN, CNN, ESRDClinical Lead, RO 4 & 6 Centers for Medicare & medicaid Services	1.9 CH	<b>Microbial Methods for the Dialysis Technician: How the AAMI Recommended Practice for Dialysate Effects Microbial Sampling and Analysis</b> Matthew J. Arduino, M.S., Dr.P.H.; Lead Microbiologist Epidemiology and Laboratory Branch; Division of Healthcare Quality Promotion; CDC	.9 CH
2:20 - 3:05 pm			<b>Facility Checkups - Top 10 things to look at twice</b> Lawrence K. Park, MSPH, CHCM, CPEA, CWCP, CNCI, RPIH, Lawrence K. Park, MSPH, CHCM, CPEA, CWCP, CNCI, RPIH, Vice President - Corporate Health, Safety, Environmental Affairs, Engineering, Security and Risk Management, Fresenius Medical Care North America	.9 CH
3:05 - 3:35 pm	Exhibit			
3:35 - 4:20 pm	<b>The Role of the Physical Environment in Infection Control in the Dialysis Setting</b> Matthew J. Arduino, M.S., Dr.P.H.; Lead Microbiologist Epidemiology and Laboratory Branch; Division of Healthcare Quality Promotion; CDC	.9 CH		
4:20 - 5:20 pm	State of NANT			
5:15 - 6:00 pm	Reception in Exhibits			
7:00 - 11:00 pm	Club NANT sponsored by Gia Medical			

Sunday 11 March 2007

		CH	Concurrent Sessions		CH	
7:55 - 8:40 am	<b>The Impact of Dietary Issues on Patients</b> Cynthia Goudeau, RD, LD Davita	.9 CH	<b>KEEP - Kidney Education Program</b>	.9 CH	<b>Troubleshooting Machines</b> B. Braun, Fresenius, Gambro	1.9 CH
8:45 - 9:30 am	<b>CKD stages of patient care</b> Dr. Waindel Belizare South Atlanta Kidney Care Centers	.9 CH	<b>Dealing with Difficult Patients</b>	.9 CH		
9:30 - 10:15 am	Exhibits - Closing					
10:15 - 11:00 am	<b>Case Studies</b> Karen EvansMaceda, RN, CHT, CBNT	1.9 CH	<b>Water Purification</b> Gambro		.9 CH	
11:05 - 11:50 am			<b>Water and Electricity Don't Mix</b> John Sweeny, BS, CHT, Renal Training Manager, Baxter Healthcare Corporation		.9 CH	
11:50 - 1:30 pm	<b>Roundtable Sessions and Lunch</b> (box lunch included in registration)	1.8 CH				
1:30 - 2:30 pm	Closing General Session: <b>The importance of the role of the hemodialysis technician: You CAN make a difference!</b> Donnell Blackman BSN, RN, BMsc, Clinical Coordinator of Dialysis Access Solutions, Southeast Renal Associates	1.2 CH				
2:30 - 3:00 pm	Closing Comments					

## Program Highlights

### Pre-symposium workshops

Please note that there is an extra fee for the Certification Review pre-symposium workshop. You MUST pre-register for all workshops; space may be limited. You may not register for two workshops held at the same time.

- **Certification Review - facilitated by Jim Curtis CHT, Managing Partner, Jim Curtis & Associates, LLC. Offered Thursday afternoon, 4-hour workshop**

Planning to take a certification exam this year at the NANT Symposium or shortly thereafter? Want to be sure that you are as prepared as possible? Then this workshop is for you. This program will feature a detailed review of key hemodialysis topics. The review will be tailored to your needs based on feedback that you will provide to us once you are registered for the workshop. Workshop participants will receive a copy of the latest editions of **Dialysis Technology: A Manual for Dialysis Technicians** and **A Study Guide for Dialysis Technologists**, which will be sent to you as soon as you register. Cost is \$50 paid on or before 31 January 2007.

- **Vascular Access - Offered all day Friday, 8-hour workshop**

This full day workshop features information about the Fistula First program and features a number of topics: Venous Pressure Monitoring; Trending of Data and Importance of Results; Methods of Cannulation: Clinical Difficulties, Buttonhole Technique; and a presentation by an interventional nephrologist. **A must for all dialysis clinicians (nurses, technicians, vascular access technicians). This workshop is FREE; however, you must register in advance!**

- **Ensuring a Successful Survey Offered all day Friday, 8-hour workshop**

The audit is one of the most important events at the dialysis unit. Making sure your unit has a successful survey just doesn't happen overnight. Starting with **OSHA doesn't stand for Oh, Shoot, Here's the Audit team**, this one day workshop helps to explain what CMS

**CONCURRENT SESSIONS WE OFFER CONCURRENT SESSION TRACKS. EACH SESSION IS LISTED IN THE PROGRAM AT A GLANCE. FOR DETAILED INFORMATION ON THESE SESSIONS, PLEASE CHECK WWW.DIALYSISTECH.NET, OR REQUEST A LISTING BE FAXED TO YOU.**

is really trying to accomplish, how to get ready and stay ready for an audit, infection control and the audit survey and ends with a panel discussion by our experts. This session is one that you **must** attend if you have any responsibility for your unit's audit outcome. You **Must** register in advance! If this workshop is sponsored, it will be FREE - check [www.dialysistech.NET](http://www.dialysistech.NET) for an update.

## General Sessions

### ● **Relating Patient-ly Using Body Language to Understand Others** - Patti Wood, MA, CSP

- Do you want to use the power of the first impressions to pick up information about your patient's personality as quickly as possible?
- Would you like to know five ways to hear a patient?
- Have you ever wondered what a patient was **thinking but not saying**?
- Do you **know the secret differences** between the way male and female patients share their concerns and symptoms?
- Do you want to gain **the eyes and attention** of your patients?
- Have you wanted to **establish rapport** quickly and easily to make your patient immediately at ease?
- Do you want to know two things to do **when someone isn't listening to you**?

If you answered YES to any of these questions, this program will fulfill your needs through practice and discussion.

● **Chemistry of Dialysis** - John Sweeny, CHT, Baxter Healthcare Corporation  
Understanding the chemistry of dialysis can help you to improve your patients' outcomes. If anybody can make chemistry easy to understand, it is John Sweeny, one of the highest-rated instructors at each year's symposium.

John Sweeny is one of the most knowledgeable and best speakers I have ever heard.

Very well done as far as encompassing 25 years of technology's effects on dialysis outcome

### ● **Why we do What we do** - Karen Evans Maceda, RN, CHT, CBNT

Karen started in dialysis as a technician, became Chief Technician and then went back to school to get her nursing degree. She knows first hand what technicians do, and this presentation will provide the reasons why you do it - and how to improve your skills and your patients' outcomes.

### ● **The Role of the Physical Environment in Infection Control in the Dialysis Setting** - Matthew J. Arduino, M.S., Dr.P.H.; Lead Microbiologist Epidemiology and Laboratory Branch; Division of Healthcare Quality Promotion; CDC

Every hemodialysis technician - chief, clinical or biomedical - can work towards effective infection control in their dialysis units. We're pleased to welcome Matt Arduino back to NANT - he's guaranteed to provide you useful information to help improve your unit's fight against infection control.

### ● **Closing General Session: The importance of the role of the hemodialysis technician: You CAN make a difference!** Donnell Blackman BSN, RN, BMsc, Clinical Coordinator of Dialysis Access Solutions, Southeast Renal Associates

Hemodialysis technicians play a vital role in the chronic kidney patient's health care team. But sometimes, in the rush of every day's schedule, it's hard to remember how important that role is! Donnell Blackman's unique perspective as clinical coordinator has provided him with a birds-eye view of how important hemodialysis technicians are. This is a great session to end our symposium - guaranteed to stay with you when you go back to work on Monday.

## NANT Exhibit Hall

Our exhibit hall continues to grow with our focus on products and services which technicians purchase and use. The 2006 Exhibit Hall received great feedback and this year NANT will feature more vendors and corporate educational displays. We kick-off the 24th Annual Symposium with the Grand Opening of the Exhibit Hall, Friday evening, from 5:30 pm - 7:00 pm. Come prepared for an evening full of fun and networking. Don't miss your opportunity to meet and greet key industry players. Representatives from major industry manufacturers and suppliers will be on hand to discuss their products and services with symposium participants. This is a great opportunity to learn about the latest programs, products and innovations in the nephrology field. Witness demonstrations, pickup samples and participate in raffles in the exhibit hall. Refreshment breaks throughout the symposium will be held in the exhibit hall. The exhibit hall will be open during breaks through Sunday morning.

## Exhibit Hours

### Friday, 9 March

**5:30 - 7:00 pm** Exhibits Grand Opening Reception

### Saturday, 10 March

**9:30 - 10:25 am** Refreshments in Exhibit Area

**3:05 - 3:35 pm** Refreshments in Exhibit Area

**5:15 - 6:00 pm** Refreshments in Exhibit Area

### Sunday, 11 March

**9:30 - 10:15 am** Refreshments in Exhibit Area/  
Raffle Drawings/Close

## Scholarships Offered

We are offering full scholarships this year, that include not only registration and a \$50 cash stipend, but also two night's accommodations (Friday and Saturday) at the Sheraton Hotel, Downtown Atlanta .

If scholars wish to arrive earlier or depart later, they are responsible for the additional nights on their own.

These scholarships are offered by Fresenius Medical Care NA, Innovative Dialysis, RPC and other companies. In addition, NANT Past Presidents, current Board of Directors and NANT chapters have pooled their resources to offer 4 scholarships. This demonstrates NANT's leadership's commitment to the education of hemodialysis technicians.

**Only NANT members are eligible for scholarships.** Please call the NANT office at 877.607.NANT (6268) to request a scholarship application or visit [www.dialysistech.NET](http://www.dialysistech.NET).

## Certification Exams for Nurses and Technicians

BONENT, NNCC and NNCO will be hosting certification exams at this year's symposium. All exams will be held Friday morning, 9 March from 8:00 am - 12:00 noon.

Individuals interested in sitting for one of the exams should contact BONENT, NNCC or NNCO.

### BONENT Exam

BONENT must receive completed applications by **19 January** to qualify for this examination. Contact BONENT at 202.462.1252 or [www.bonent.org](http://www.bonent.org) for a registration package.

### NNCC Exam

NNCC must receive completed applications by **12 January** to qualify for the CCHT examination. Contact NNCC at 888.884.6622 or [www.nncc-exam.org](http://www.nncc-exam.org) for registration package.

### NNCO Exam

NNCO must receive completed applications by **19 January** to qualify for this examination. Contact NNCO at 212.356.0660 or [www.ptcny.com](http://www.ptcny.com) for registration package.

## Continuing Education Contact Hours

Earn up to 13.2 continuing education contact hours by attending the symposium and up to an additional 8.2 contact hours by attending either of the pre-symposium workshops.

NANT is approved as a provider of continuing education by

What a truly amazing, helpful and informed organization NANT is - thanks!

the California Board of Nursing, BRN provider number 07941. The Board of Nephrology Examiners, Nursing and Technology (BONENT), the National Nephrology Certification Organization (NNCO) and the Nephrology Nursing Certification Commission (NNCC) will accept contact hours received at this meeting.

## Symposium Location

Headquarters for the NANT Symposium is Sheraton Atlanta Downtown. The Sheraton Atlanta Hotel is a world-class Atlanta Georgia hotel, set in the center of downtown. Step inside and discover a chic new class of accommodations, unlike any other you'll find at the typical Atlanta hotels. To complement its unique, of-the-moment atmosphere, our downtown Atlanta hotel offers a sleek location:

- Centrally located in the heart of downtown Atlanta
- Minutes from the Georgia Dome and Georgia State Capital
- Surrounded by exciting shopping, dining, and nightlife
- Close to the Atlanta International Airport

The NANT room rates are **\$149** plus 15% occupancy tax for single/double. Make reservations by calling (800) 833-8624. Room availability cannot be guaranteed beyond Wednesday, **14 February 2007**.

## Travel to and around Atlanta, GA

Located just 10 miles south of downtown Atlanta, Hartsfield-Jackson Airport is accessible via local Metropolitan Atlanta Rapid Transit Authority (MARTA) trains and buses, downtown and suburban shuttles and interstate highways. For more information, go to [www.atlanta-airport.com](http://www.atlanta-airport.com). Shuttle service is available for \$16.50 by The Atlanta Link to the Sheraton Hotel. For those driving to the symposium, the hotel offers self parking.

## What is included in your Registration

The Full Symposium Registration includes all educational programs and social events from Friday at 5:30 pm through Sunday at 3:00 pm.

Daily registration for Saturday and Sunday includes all educational programs and social events held on that day.

## Cancellation Liability

In the event of cancellation of the symposium for any reason, the National Association of Nephrology Technicians/Technologists liability is limited to the return of the symposium fee.

## Cancellation policy

A cancellation fee of 25 percent will be charged for all cancellations made after **21 February 2007**. All cancellations must be in writing. Confirmed registrants who fail to attend and do not cancel prior to 1 March 2007 are liable for the entire symposium registration. You may, if you wish, send a substitute.

This was my first workshop and I thought it was tremendous.

For More Information  
Please visit the NANT website at

[www.dialysistech.NET](http://www.dialysistech.NET) to get up-to-date information on the 24th Annual Symposium or e-mail us at [nant@meinet.com](mailto:nant@meinet.com). If you prefer, you may call NANT at 877.607.NANT (6268) or fax us at 937.586.3699.

register online @  
[www.dialysistech.NET](http://www.dialysistech.NET)

## Registration Is As Easy As 1, 2, 3...

First, decide which pre-Symposium Workshops you are attending, if any. Note that you need to pay for the Certification Review separately. You may not register for two workshops being held at the same time.

Second, calculate your fees. If you are registering for the full Symposium, you do NOT need to pay the daily fees. If you plan on attending only one day, you do NOT need to pay the full Symposium registration fee.

Then...

**1** In Part 1 of the Symposium Registration Form, please print or type your membership ID number, first name, last name, and nickname (If your full name is Robert, your nickname might be Bob), your employer, and the city and state in which your agency/institution/office is located. This information will be used to produce your Symposium name badge. Your membership ID number is the 7-digit number located on your membership card or you can find it on the mailing label of this brochure, above your name.

**2** In Part 2 of the Symposium Registration Form, check the appropriate box to indicate whether you prefer the Symposium office to use your home or work address for mailing purposes. Complete this section by printing or typing that address along with its city, state, zip or other postal code and country, including your daytime telephone number and fax number (include proper area code, please) in case the Symposium office needs to contact you quickly.

**3** In Part 3 of the Symposium Registration Form, please circle the appropriate registration fee(s). Please write the Amount Due in line with your circled fee(s). Please include the total on the Total Enclosed line.

**3A.** If you are not currently a member of NANT, you MUST pay the non-member fee. If you pay for the individual NANT membership fee (\$50), pay the NANT Member fee for full or daily registration. If three or more people join at one time, the fee is reduced to \$25 per person (applications and payment must be sent in same envelope).

**3B.** When registering with a student discount, you must enclose a copy of your current student ID with your registration.

**4** In Part 4 of the Symposium Registration Form, please indicate the method by which you are paying the total registration fees of Part 3. Purchase orders must be sent with registration forms. If a purchase order covers more than one individual, all registration forms must be included with the purchase order, and the name of each registrant listed on the purchase order. **All purchase orders must be for the "after 1 January" registration fee.**

**5** As indicated in Part 5 of the Symposium Registration Form, there are three easy ways to send your completed form to the Symposium office:

**www.nant.biz** Online registration using MasterCard or VISA

**NANT**  
PO Box 2307  
Dayton, OH 45401-2307

**Express Mail Address ONLY**  
11 W Monument Avenue, Suite 510  
Dayton, OH 45402-1233

**Fax** 937.586.3699

**For further information call**  
877.607.NANT (6268)

## Conference registration form FIN number for voucher use only: 14-1722307

**24th Annual Symposium**  
9 - 11 March 2007  
Sheraton Hotel, Downtown Atlanta, GA
